

Safety information sheet

According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

1. Identification of the substance or preparation and the company.

1.1 Product identification

Product : Monumentique Paste
Product code : 280035

1.2 Relevant use or advice against using

Application of the substance : Facade cleaner for mineral substrates for professional use

1.3 Supplier product and MSDS : Tensid Uk Ltd
Aquila House, Wheatash Road, Addlestone, Surrey, KT15 2ES

1.4 Information on emergencies

Information on emergencies : T; 01932 564133

2. Identification of the possible dangers and risk's

2.1 Product definition, mixture/substance

Product definition : Mixture

Classification of the substance or mixture according to (EC) No. 1272/2008 [CLP/GHS] B/V/C

Classification : This product is classified as not harmful

Classification according to the EC directives 1999/45/EC

Classification : This product is classified as not harmful.

Pictogram : Not applicable

H and R sentences : No sentences

Classification: physical/chemical danger: see section 16 for the full text of the R and H phrases mentioned above.
See Chapter 11 for information on health effects and symptoms.

2.2 Elements of hazard pictogram (s):

Labelling signal word : N.a.

Danger risk assessment : N.a.

Prevention : N.a.

Firefighting : the product is not flammable (see section 5)

Removal : remove Waste according to local, regional and national regulations.

2.2 Other dangers : not known.

3. Composition and information concerning composing materials

Dangerous materials

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment, are PBTs or vPvBs or have been assigned a workplace exposure limit and hence require reporting in this section.

Safety information sheet
According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

4. First aid measures

Eye contact : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.

Inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.

Skin contact : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.

Ingestion : Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

4.2 Most important symptoms and effects, both acute and delayed

Potential acute health effects

Inhalation : No known significant effects or critical hazards.

Ingestion : No known significant effects or critical hazards.

Skin contact : No known significant effects or critical hazards.

Eye contact : No known significant effects or critical hazards.

Over-exposure signs/symptoms

Skin contact : No known specific effects or critical hazards

Ingestion : No known specific effects or critical hazards

Inhalation : No known specific effects or critical hazards No specific data.

Eye contact : No specific data.

4.3 Indication of any immediate medical attention and special treatment needed

Notes to physician : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

Specific treatments : No specific treatment.

5. Firefighting measures

5.1 Suitable extinguishers

Suitable extinguishers : Product is not flammable, on fire in surroundings all extinguishing are allowed...

DO NOT applie : Powerful waterjet

Dangerous rest products : On fire thick black smoke will form, this can be noxious or poisonous if inhaled.

Personal protection : A self-containing breathing apparatus and protective clothing may be necessary.

5.2 Additional data

General : Cool containers near the fire with running water.

5.4 Directions for firefighters

Preventive measures : Cool containers near the fire with running water.

Personal protective means : A self-contained breathing apparatus and protective clothing may be necessary

Additional information : Not known

Safety information sheet
According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

6. Measures in the event of unforeseen outflow

6.1 Measures, protective gear and procedures

For non-responders : Remove sources of ignition or shut them down and ventilate the room. Do not inhale fumes and vapors. See section section 7 and 8 for measures

For professional staff : A self-containing breathing apparatus and protective clothing may be necessary.

6.2 Protection environment

Measures : Prevent the product from entering waterways, soil and sewers.

6.3 Cleaning spilled material

Opruimen : Contain the outflow of product and absorb the material in sand or another suitable material. Place in a container for further disposal.

6.4 Other setions for consult

Consult sections : Section 1 contact on emergencies.
Section 8 for personal protection.
Section 13 for disposal.

7. Handling and stocking

7.1 Information for safe handling:

Information for safe handling : Prevent eye and skin contact. Do not inhale vapors and mist.
No smoking, do not eat or drink in the room where the product is used.

7.2 Information for storing

Information for storing : Keep container closed. Never use compressed air to empty the packing.
Re-close the container after use and store in an upright position preventing leakage.
Prevent contact with strong acid's and alkaline materials.
Store in original packing on a cool dark and well ventilated place.

7.3 Aditional information : Not known

Safety information sheet
According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

8. Exposure limits and personal protection

8.1 Eposure limits

General

Use sufficient ventilation. If possible an exhaust system or room ventilation. Prevent contact with eyes and skin.

Exposure limit

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health.

Personal protection and hygiene

Use gloves to prevent skin contact.
Material: Butyl rubber of Viton, permeation time > 4 hours.

Wear tight safety goggles and/or face mask. (EN 166) : Face screen.

Use protective clothing, coverall, rubber boots and gloves

Hygiene measures

Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period.

9. Physical and chemical properties

9.1 General

Physical state : paste
Colour : grey/beige
Odour : mild
pH : 7

Physical properties

Melting point : no data
Boiling point : 100 ° C
Flash point : n.a.
Ignition temp. : n.a.
Explosion hazard : n.a.
Lower exp. Limit : n.a.
Upper expl limit : n.a.
Vapour pressure : no data
Density : 1,2 g/m³
Miscibility with water : complete
Viscosity mPas/20° C : no data
Volatile organics : 0 g/ltr VOC

9.2 Additional information

None known

Safety information sheet
According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

10. Stability and reactivity

10.1 Reactivity	: No information known
10.2 Chemical stability	: Stable under normal circumstances
10.3 Dangerous reactions	: No known reactions
10.4 Circumstances to avoid	: High temperatures (> 150 ° C)
10.5 Materials to avoid	: Strong oxidizers, acids and alkaline products
10.6 Dangerous rest-products	: NO ₂ , CO and CO ₂ , if on fire, thick black smoke

11. Toxicological information

Acute toxicity

The substance can be taken in by breathing the vapour, aerosol, mist and by ingestion.
The product is mild irritating and may cause headache and irritation of the upper respiratory track.

LD 50 en LC 50 values

LD 50 oral rat	30 mg/kg
LC 50 skin rabbit	No data
LC 50 inhalation rat 4 hours	No data

Primary symptoms

On skin contact

Light Irritation and mild redness.

On eye contact

Red, pain, blurred vision.

On inhaling

Shortness of breath, sickness and nausea, possible lung damage

Sensitisation

Prolonged contact may cause skin rash.

12. Environmental information

12.1 Eco toxic effects

There is no data available concerning this product.
The product is classified according the European directive (1999/54/EG) and is not an environmental hazard.

12.2 Biodegradability

No data

13. Instructions for disposal

General

Reuse or recycling of waste is strongly recommended.
Incineration, in accordance with local rules and legislation.
Keep waste separated, depending on any impurities as industrial waste or hazardous waste.

Uncleansed packaging

Non-cleaned packaging in accordance with local regulations.
Keep waste separated, depending on any impurities as industrial waste or hazardous waste

Safety information sheet
According (EC) No. 1907/2006 (REACH),
Annex II, (EU) No. 453/2010

Version 2 –
Revision date: June 3014
Chapters:

Product name : Monumentique Paste

14. Transport information

Transport is regulated

Special measures

Transport in original packing, firmly closed and in upright position.

Transport dangerous substances by trained personnel in right transportation means equipped with adequate gear.

15. Regulations

Specific safety, health and environmental regulations and legislation for the substance or mixture this safety data sheet complies with the requirements of Regulation (EC) number 1907/2006.

National legislation

Water polluting Class : No data

(Germany) : No data

Chemical safety assessment : Not required

16. Other regulations

Full text of H and R-phrases referred to in sections 2 and 3

No H, R and S sentences mandatory.

The above data is based on our current knowledge and are in accordance with the national legislation and the legislation of the EC. Data above are an indication of the composition and the risks associated with the use of the product. Tensid Uk Ltd accepts no liability for the functioning of the product, or for the results obtained from use of the product and for any damage caused by application of the product, or damage that is caused by incompleteness in the information. The user is at all times responsible for the use of the product and the information and the quality and the properties prior to use of the product. Without the prior written consent this product may not be used for any other purposes other than those specified under chapter 1.
